### THE DISNEY CLASSIC THAT GAVE VOICE TO A WHOLE GENERATION

Welcome to D23 Expo 2013! On behalf of everyone at The Walt Disney Company, thank you for joining us to celebrate the magic, wonder, and adventure of Disney at this remarkable three-day gathering created especially for you, our most passionate and devoted fans.

It's wonderful to see, for the third time, tens of thousands of Disney fans from around the world gathering here at the Anaheim Convention Center to celebrate the past, present, and future of the company Walt Disney founded in 1923. And we couldn't be happier to welcome you to the worlds of Disney once again at this event—one that is, literally, 90 years in the making.

D23 00 2013

Whether you are a fan of Disney's theme

parks, animation, television shows, movies, books, or collectibles, you will discover something magical everywhere you turn as you explore the pavilions, screening rooms, exhibition halls, and presentation theaters that await you. This year, we have many surprises in store for you from an exciting sneak peek at what's next from The Walt Disney Studios—including Walt Disney Animation Studios, Pixar Animation Studios, Disney Live Action, and Marvel—to celebrity appearances, autograph signings with Disney Channel stars, a chance to visit with our animators and Imagineers, and more.

As we approach the 50th anniversary of *Mary Poppins*, what better way to kick off the celebration than with the largest collection of *Poppins* props and costumes ever assembled in one place, which you can enjoy as part of this year's *Treasures of the Walt Disney Archives* exhibit. As most Disney fans know, Richard Sherman co-wrote, along with his brother, the songs from this iconic Disney film, among countless others, and he will be teaming up with fellow Disney Legend Alan Menken for a very special concert on Saturday night called "The Disney Songbook." This unprecedented, one-night-only musical event is not to be missed!

We hope you enjoy the D23 Expo—the ultimate Disney fan event made just for you... the ultimate Disney fans!

**O**F

THE WALT DISNEY ARCHIVES

### D23 presents **TREASURES** of the Walt Disney Archives

Treasures of the Walt Disney Archives, an exhibit brought to you by D23: The Official Disney Fan Club and the Walt Disney Archives, features the 50th anniversary of Mary Poppins, ABC's hit television series Once Upon a Time, the new Disney Channel film Teen Beach Movie, and a look at the long-standing connection between Disney and L. Frank Baum's beloved series of books about the Land of Oz. Located on the second floor, Treasures showcases a selection of crown jewels from the Walt Disney Archives collection, many of which will be displayed publicly for the first time.

#### MARY POPPINS 50TH ANNIVERSARY

As the 50th anniversary of *Mary Poppins* approaches, the Archives presents a wide array of iconic display from the Academy Award-winning 1964 film, including concept art and matte paintings, Mary and Bert's carousel horses, the snow globe from the "Feed the Birds" sequence, costumes worn by many of the central characters, and the recently acquired carpet bag, which Mary famously uses to carry her assortment of magical belongings that bring inspiration and wonder to the Banks household.

#### DISNEY'S ADVENTURES IN THE LAND OF OZ

On the heels of the global success of *Oz The Great and Powerful*, the Archives is proud to assemble artifacts illustrating Disney's long association with L. Frank Baum's Oz books. Highlights include a costume from 1957's "The Rainbow Road to Oz"—a segment from *The Fourth Anniversary Show*, which celebrated Walt's four years on television, and starred many of the *Mickey Mouse Club*'s Mouseketeers—as well as concept art from unrealized attractions and Disney Studio productions. Also featured are props and costume pieces from 1985's *Return to Oz*, including Tik-Tok, the "Powder of Life" tin, and Dorothy's costume and slippers. And, of course, there will be an assortment of costumes from this year's *Oz The Great and Powerful*.

#### STORYTELLING ON THE SMALL SCREEN

ABC's groundbreaking series *Once Upon a Time* has become a huge hit amongst Disney fans for its unique sense of storytelling. Disney Channel's recent hit *Teen Beach Movie* celebrates the "beach blanket" craze of the 1960s and is sure to make waves with viewers of all ages. The Archives is honored to present a selection of memorable props and costumes from these productions.

For D23 Expo's 2013 Disney Fan Art Contest, Disney fans were asked to submit two or three-dimensional art pieces inspired by *Mary Poppins*, which celebrates its 50th anniversary in 2014, and is prominently featured in the *Treasures of the Walt Disney Archives* exhibit at the 2013 D23 Expo.

Dana Point, California's, Britni Brault, who created the highly detailed paper sculpture *Raspberry Ice, Cakes & Tea*, inspired by the "Penguin Dance" number of the "Jolly Holiday" sequence from *Mary Poppins*, is this year's D23 Fan Art Contest Winner. Britni's creation masterfully incorporates the pastel hues, iconic shapes, and lovable characters that have made watching *Mary Poppins* a grand and memorable experience for several generations of moviegoers.

Britni Brault's Raspberry Ice, Cakes & Tea and other entries from the 2013 Disney Fan Art Contest are displayed in the Fan Art Gallery on the Second Floor, in the Treasures of the Walt Disney Archives exhibit.

### \* JOURNEY into \* \* IMAGINEERING \*

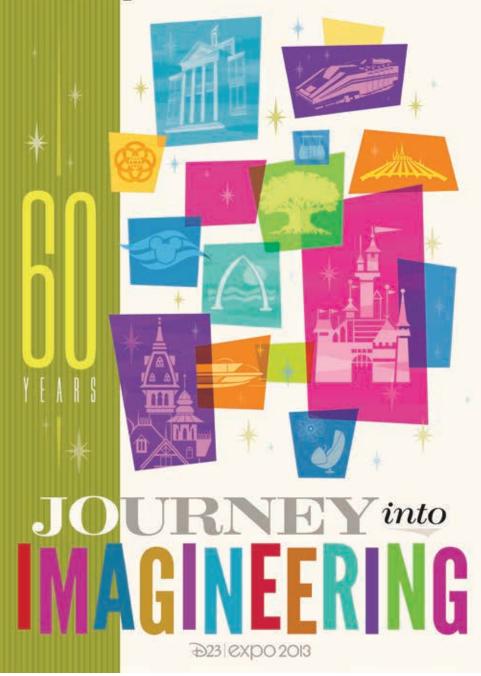

In honor of the 60th anniversary of Walt Disney Imagineering and the origins of Disney parks and resorts, Imagineering is hosting an "open house" in Hall C, throwing open the doors of its unique facilities and offering an unprecedented look at its creative processes.

You're invited to enter the Imagineering "dream factory" at "1401 Flower Street" to get a rare opportunity to meet and interact with an eclectic array of Imagineering's creative minds—ride engineers, model builders, pre-visualization artists, architects, special effects designers, inventors, and show animators—and join them as they share their skills and talents. In addition, you'll have the chance to glimpse the "workspaces" of several project teams from around Disney's global portfolio of parks and resorts, perhaps spotting a few clues to coming attractions.

#### YOUR "JOURNEY INTO IMAGINEERING" WILL ALSO INCLUDE:

- A first look at MyMagic+, a collection of tools debuting soon at Walt Disney World Resort that will give guests more opportunities to customize and personalize their entire visit.
- A sneak peek at Disney Springs, a reimagining and reinvention of Downtown Disney at the Walt Disney World Resort that transform it into a timeless and vibrant place that celebrates the turn-of-the century lakeside towns that dotted the Florida landscape.
- The opportunity to meet one of Marvel's Avengers before he sets sail on a new adventure.
- The chance to experience some recently opened Disney attractions in a unique way.
- A play test of a great new Disney experience in which you can participate and provide feedback.
- A glimpse into the Walt Disney Imagineering Art Library that will feature rarely seen models of concepts that were never built, as well as historical and revered original concept art from the early days of Imagineering, including Herb Ryman's sketch of Disneyland and Peter Ellenshaw's "surprise" rendering for the *Disneyland* television show.
- Mickey's of Glendale, an outlet of Walt Disney Imagineering's employee-only store, to shop for unique souvenirs and collectibles and Walt Disney Imagineering merchandise not available anywhere else.
